

Mike Harris: Resume UKA Members – Affiliated Clubs Representative

All my athletic life, I have served at the grassroots level of the sport, as a club chair, secretary, team manager, meeting organiser, announcer and as an England Athletics Regional Councillor and Board member representing clubs.

More recently I was part of the team that formed the National Athletics League and currently serve as it's Vice-Chair.

I have formerly represented clubs as a UKA Member and wish to continue to do my utmost to ensure club athletics remains pivotal to athletics in the UK.

My experience, together with good communication skills and the ability to influence crucial decisions, provides me with the belief that I can contribute constructively to the issues that face UK Athletics Limited.

Club athletics is the bedrock of the sport and provides the base from which UKA produces it's elite athletes. My experience at an elite level gives me a unique insight into the sport from the base to the elite.
