

**European Off-Road Running Championships
Annecy, France, 31 May – 2 June 2024**

Selection Statement for the Trail race at the above Championships

Final course details tbc. Provisionally 62km with + 3700m / - 3700m

In advance of the release of the selection policy we would like to inform athletes that performances over a race of quality competition covering a similar distance, terrain and elevation to the prospective championship course in France between 1 June 2023 and 26 February 2024 will be considered for qualification purposes for the 2024 Trail Race at the European Off-Road Championships in Annecy, France. For clarity this must be a minimum of 42km with 1800m elevation.

Athletes wishing to show fitness early in 2024 over the distance are encouraged to compete at the Transgrancanaria Marathon (46km, 1900m) in Grand Canaria, Spain, Friday 23 February. If you wish to compete but do not have an entry please contact Angela (angela.mudge@scottishathletics.org.uk).

There will be no official trial for the Trail Race at this Championship.

All athletes wishing to be considered for selection should inform the trail lead Angela (angela.mudge@scottishathletics.org.uk) to confirm their interest and **to confirm the suitability of any potential target races.**

Further details will be made available when the full selection policy is published.
