Selection will be made in 5 rounds using the stages and process outlined below.

15. Round 1

- a. Any 2023 World Athletics Championship medallists will be considered for selection in the 2023 World Athletics Championship event they have medalled in. If athletes wish to be considered for an alternative relevant event, they will be considered for selection where applicable in 15c, or in Round 2.
- b. Individual overall winners of the 2023 and 2024 World Indoor Tours who have been given a ‘Wild Card’ by World Athletics will be selected in the event for which they have the ‘Wild Card’. If athletes wish to be considered for an alternative relevant event, they will be considered for selection where applicable in 14c, or in Round 2.
- c. The winner of each individual Trial event will be automatically selected for the same event. Should the winner of the Trials not have achieved qualification as set out in Requirement 2 above, or decline/be unavailable for selection, their place will not be automatically offered to the next best athlete.
- d. In the event of a dead-heat or tie at any of the Trial events, resulting in more than one (1) athlete qualifying for selection, the following steps will be taken:
 - i. in track events, the athletes’ best individual performances in the relevant event within the qualification period will be considered to select an athlete who is most likely fulfil the aims of the policy.
 - ii. In field events, a jump/throw-off will be arranged at the Trials or on a later date, in agreement with the affected athletes. The winner will gain

- b. Athletes must show current form within the period between **1 January 2024 until 18 February 2024**.

Current form will be assessed by evaluating athlete performances between 1 January and 18 February 2024, specifically comparing these performances with their best performances achieved during the qualification period. The Panel may also consider various factors, including consistency, training performance, progression, performances in relevant disciplines and injury status. Injury status may be a reason not to select an athlete where the Selection Panel does not believe that the athlete will be able to achieve the aims of the policy due to that injury.
- d. In exceptional circumstances only, the Head Coach may exercise discretion for an athlete to be considered for selection who does not meet 'Current Form' requirements above but has demonstrated exceptional ability and potential to medal at the World Athletics Indoor Championships. The Head Coach will assess the athlete's readiness to perform at the World Athletics Indoor Championships and their potential to contribute to the aims the policy.
- e. If there are more athletes with the World Athletics Qualification Standard and current form than places available, the Panel will select athletes based on consideration of a combination of some or all of the following criteria, listed in no particular priority order. Criteria used may be given unequal weighting and some criteria may be disregarded:
 - i. Position and performance at Trials;
 - ii. Performance, performance progression and performance consistency within the qualification period;
 - iii. Future individual medal potential at major events;
 - iv. Head to heads with other relevant athletes within the relevant qualification period;

- c. Athletes must show current form as defined and evaluated in Round 2 paragraph 15 c and d above.

- d. If there are more athletes eligible for selection and with current form than places available, the Selection criteria in paragraph 15e above will apply.
- e. The World Athletics ranking list will be published on 21 February 2024. Please refer to the World Athletics Website for details of the number of places by event and the rankings positions cut-off for relevant events.

19. Round 5 – Relay Events

- a. Up to eight (8) athletes will be selected for each of the relay events.
- b. Athletes already selected in the individual 400m will be automatically selected for and must compete in the 4x400m relay.
- c. Athletes must show current form as defined in paragraph 15c and 15d above.
- d. All other athletes under consideration for selection will be selected based on a number of factors, including (but not limited to) the following criteria which are not listed in any priority order. Criteria may be given unequal weight and may be disregarded:
 - i. Position and performance at Trials;

APPENDIX 1 – GENERAL ELIGIBILITY CRITERIA

1. General Eligibility

- a. Be eligible to compete for GB&NI and be the holder of a full current British passport;
- b. Not currently serving a period of ineligibility or a provisional or permanent suspension for a doping violation or for any other reason of misconduct;
- c. Meet the standards and behaviour expected by UK Athletics, as published from time to time, including in the International Athletes Code of Conduct;
- d. Be registered as a member with the relevant Home Country Athletics Federation (HCAF), directly or through a club;
- e. Be 16 years or older on 31 December 2024 (i.e. born in 2006 or earlier), with the exception of men's shot put (see point 1.f.);
- f. Be 18 years or older on 31 December 2024 (i.e. born in 2008 or earlier) to be considered for selection in the men's shot put; and
- g. Sign the UK Athletics Team Members' Agreement ("TMA") and abide by its terms and conditions. Any athlete failing to do so prior to the first date of competition will result in their selection being withdrawn. The current version of the TMA can be found online at <https://www.uka.org.uk/performance/british-athletics-teams-information/> . Signatories to the World Class Programme Athlete Agreement will not be required to sign the TMA.

2. Illness and/or Injury Exemption from Participation at Trials

- a. Permission not to compete at the Trials will only be granted in the case of injury/illness – no other exceptions will be made.
- b. Athletes who are unable to compete at the Trials due to injury/illness but still wish to be considered for selection must either have been reviewed by the UK Athletics Medical team in the week prior to Trials or attend the Trials (regardless of home location) to be examined by the UKA Lead Doctor and given an exemption from participation agreed by the Head Coach. Athletes who fail to satisfy either provision will not be considered for selection (unless c below applies).

Where an athlete suffers illness the day before or the day of the Trials, they must contact the Head Coach or UKA Lead Doctor as soon as possible prior to the start of their Trial event. A common sense, judgement call based on the information and proof provided by the athlete will be used in determining whether to accept non-attendance at the trials, for consideration for selection. Illness that occurs earlier than the day before the first day of the Trials must be evidenced by a medical note from a GP, emergency doctor or consultation with a UKA doctor for that athlete to remain eligible for selection. The Head Coach and the UKA Lead Doctor will, at their discretion, determine whether to accept their non-attendance at the Trials, on the basis of the evidence available to them and information provided by the athlete. Failure to satisfy the above will result in the athlete not being considered for selection. All athletes must be aware that failure to attend the trials, regardless of validity of excuse, will naturally and unavoidably place them at a disadvantage when being assessed for selection.

APPENDIX 2 - PERFORMANCE CONDITIONS

The World Athletics Qualification Standards and UK Athletics Selection Standards must be achieved in accordance with the Performance Conditions as set out below.

1. Performances must be achieved during competitions organised or authorised by World Athletics, its Area Associations, or its National Member Federations. 6. Wind-assisted performances, or performances achieved at events where wind measurement was not available, for events held completely in a stadium, will not be accepted. For combined events the conditions set in World Athletics rule 149.3 (or any revised or amended rule relating to wind readings in combined events in force at the time) will be applied for qualification purposes. This requires that at least one of these conditions be met:

- a. The wind velocity in any individual event shall not exceed plus 4 metres per second;
 - b. The average wind velocity (based on the algebraic sum of the wind velocities, as measured for each individual event, divided by the number of such events) shall not exceed plus 2 m/s.
