Version	Date
v1	Published 15 December 2025

- Round 1 – Previous Competition History
- Round 2 – Remaining Athletes with a UKA Selection Standard

14. Athletes should note that selection in all rounds is subject to the Selection Panel’s expert assessment of the athlete’s injury and health status.

15. In its assessment of an athlete, the Selection Panel may decide not to select an athlete if based on UK Athletics’ medical advice, it considers that participation would constitute a risk to the athlete or others.

16. The Selection Panel may in its sole discretion, set conditions of selection, which may include but are not limited to fitness, health-related or any other form of assessment. If the athlete fails to comply with the conditions, the provisions for deselection as set out below may apply.

17. Round 1 – Previous Competition History (See Appendix 3)

Subject to an assessment of health and injury status, athletes who meet the criteria below will be selected in their corresponding event.

- a. Athletes who reached their respective final of the 2025 World Championships
- b. Athletes who finished in the Top 8 at the 2025 European Throwing Cup

The Selection Panel may choose not to select an athlete if it considers that the athlete’s health or injury status does not give confidence of the athlete’s ability to fulfil the performance objectives of the Championships.

18. Round 2 – Eligible Athletes with a UKA Selection Standard

a. If places remain in an event, the Selection Panel will consider athletes with a UKA Selection Standard. Athletes being considered for selection in this round must in the sole discretion of the Selection Panel, be likely to achieve the Performance Objectives of the Championships based on their assessment of the criteria below.

- Performance and position at the UK Athletics Winter Long Throws Championships.
- The number of times selection standards were achieved during the qualification window.
- Performances during the qualification period.
- Performance in head-to-heads with other Eligible Athletes within the qualification period.
- Recent athlete performance history in international championships since 2023.
- Assessment of an athlete’s current form to determine their current performance potential and readiness to compete at a level that can meet the performance objectives of these championships. Current form will be assessed during the period **1 December 2025 to 1 March 2026**.

- Other factors the Selection Panel deem relevant

- c. Athletes should note that performance at the UK Athletics Winter Long Throws Championships will carry significant weighting in the Selection Panel's assessment of the above criteria.
- d. If there are more athletes with a UKA Selection Standard than there are places available, athletes will be considered for selection based on the Selection Panel's comparative assessment of athletes. The Selection Panel will ultimately select athletes with the greatest potential to fulfil the overarching performance objectives of the Championships.
- e. For the avoidance of doubt, the Selection Panel is neither obliged to select athletes nor to fill all event places.

19. Exceptional Provisions – UKA Discretionary Selections

- a. In exceptional circumstances only, the Team Leader may exercise their discretion to propose the selection of an individual senior athlete who has not met the Qualification Requirement. In such cases, in order to select the athlete, the Team Leader must believe the athlete has demonstrated the ability to meet the Performance Objectives of the Championships.
- b. In making such an assessment, the Selection Panel will consider the athlete's performances to determine their ability and readiness to perform at the Championships at a level aligned to the Performance Objectives.
- c. In the case of discretionary selections, voting will require a majority vote, in line with all other rounds and the procedure set out in paragraph 23 below.
- d. The maximum number of discretionary selection places available is one (1) per individual senior event. There are no discretionary selection places available for U23 events.
- e. Discretionary selections may only be considered following completion of the rounds. There is no obligation to use discretionary selections.

20. Reserves

- a. The Selection Panel may in its discretion nominate one additional eligible athlete as a reserve who fulfils the performance objectives of the championships, as determined by the Selection Panel, for any individual event.
