The Selection Panel (the "Panel") will only select from Eligible Athletes.

Selection will be made in two (2) rounds in each of the selection meetings using the process outlined below.

### 8. Round 1 – Eligible Athletes with a European Athletics Entry Standard

- a. The Panel may consider Eligible Athletes who have a European Athletics Entry Standard. Athletes being considered for selection must meet the Performance Objectives for the Championships based on the Panel's assessment of the criteria below.
  - Performance and performance consistency during the qualification window
  - Head-to-heads with other relevant Eligible Athletes in the 2025 and 2026 outdoor season
  - Recent athlete performance history in major international championships since 2023
  - Future individual medal potential at major international championships
  - Medical, injury and other health-related status considerations
  - Assessment of an athlete's current form to determine their current performance potential and readiness to compete at a level that can meet the performance objectives of these championships. Current form will be assessed during the period **1 February 2026 to the relevant selection meeting**.

v2	Updated 18 December 2025
v3	Updated 3 February 2026

- b. The criteria above are not listed in order of priority and may be weighted as necessary to best meet the Performance Objectives or may not be considered as the panel deems appropriate.
- c. If there are more Eligible Athletes with a European Athletics Entry Standard than there are places available, athletes will be considered for selection based on the Panel's comparative assessment of athletes. The Panel will ultimately select athletes with the greatest potential to fulfil the overarching performance objectives of the Championships.
- d. For the avoidance of doubt, the Panel is neither obliged to select athletes nor fill all event places.

**9. Round 2 – Remaining Athletes in a European Athletics Ranking position**

- a. If there are places remaining, the Selection Panel will then consider athletes who at the time of the respective selection meeting appear on the 'Road to Birmingham', either '**In World Rankings Quota**' or as '**Next best by World Rankings**' positions. Inclusion on this list does not guarantee selection. The Selection Panel will consider whether the athletes have demonstrated a likelihood of achieving the Performance Objectives of the Championships, namely winning and medal, or as a minimum finishing Top 8. The Selection Panel reserves the right to not select athletes if in the Selection Panel's expert opinion, they are unlikely to achieve the objectives. To make this assessment, the Selection Panel will consider the following criteria.
  - The gap to the EA qualification standard of performances and the consistency of performances close to the EA qualification standard during the qualification window, with particular focus on the 2026 outdoor season.
  - Season's best and position in World Athletics season top lists (3 per nation)
  - Position in Road to Birmingham rankings at the time of the relevant selection meeting
  - Performance and performance consistency during the qualification window
  - Head-to-heads with other relevant Eligible Athletes in the 2025 and 2026 outdoor season
  - Recent athlete performance history in major international championships since 2023
  - Future individual medal potential at major international championships
  - Medical, injury and other health-related status considerations
  - Assessment of an athlete's current form to determine their current performance potential and readiness to compete at a level that can meet the performance objectives of these championships. Current form will be assessed during the period **1 February 2026 to the relevant selection meeting**.
- b. The criteria above are not listed in order of priority and may be weighted as necessary to best meet the Performance Objectives or may not be considered as the panel deems appropriate.
- c. If there are more Athletes who have the ability to fulfil the performance objectives of the Championships than there are places available, athletes will be considered for selection based on the Panel's comparative assessment of athletes.
- d. For the avoidance of doubt, the Selection Panel is neither obliged to select athletes nor to fill all event places.
- e. Athletes selected in this Round, will be a conditional selection subject to the athlete achieving a ranking positioning on publication of the final rankings list on 30 July 2026 as part of the Qualification Requirement. If the ranking position is not achieved, the athlete's selection will not be confirmed.
