Selection Policy v1 – January 2024

Overview

UK Athletics (UKA) provides athletes and coaches with valuable performance experiences with the international age group championships. These events focus on developing key skills, abilities and behaviours needed for progression to the senior international stage. Athletes are expected to compete in their respective age groups, ensuring appropriate age and stage development. The goal is to prepare athletes for success in future senior international championships, including the Olympic Games. In cases where athletes under 18 lack international opportunities, UKA may consider them for the U20 age group championships programme, following EAWA rules.

The Selection Panel (“the Panel”) therefore aim to select a competitive team and athletes who they believe have the potential to reach top 8 in their event at the World Athletics U20 Championships.

In line with the UKA Futures Relay programme, the U20 relays are seen as vital educational opportunities for ensuring future success on the senior stage. All U20 relay programme athletes will therefore be expected to make themselves available for the 4x100m or 4x400m relay squads throughout the year, culminating at the World Athletics U20 Championships.

The World Athletics U20 Championships Trials (“the Trials”) for all events, will take place at the England Athletics U20 and Senior Championships on **19-21 July 2024**.

Loughborough International - 19 May 2024

The Loughborough International match is the traditional season opener in the UK and is seen as a development opportunity for U20 **athletes born between 2007 – 2005**.

A full programme of events with U20 implements and hurdles will be staged (the 110m hurdles race with U20 height hurdles is not a match race). Endurance events will include 3000m and 3000m steeplechase for men and women.

The Loughborough International fulfils a key role in the UKA relay programme. As such, all eligible relay athletes should make themselves available for selection and participation in Loughborough.

The team will be selected with 1 per event using the following criteria, which are not listed in any priority order.

- Performances achieved from 1st January 2024.
- Head-to-head performance record from 1st January 2024.
- Performances from 2023 outdoor season (where performances demonstrate clear medal potential at the 2024 World Athletics U20 Championships).
- Previous age-group competition history.
- Current form and fitness.

Selection will take place on **Monday 13 May 2024**. The voting panel members will be made up of representatives of each event group as nominated by the Head of Performance Pathways, based on their knowledge and expertise. The panel will also include a non-voting independent observer and a member of the Athlete's Commission.

Additional guest slots may also be allocated to additional U20 athletes (i.e. those not already selected for the GB & NI team) aiming to secure selection for the World Athletics U20 Championships. These will be allocated using the criteria above.

Mannheim International
22-23 June 2024

The Mannheim International is one of the highest U20 level competitions outside the World or European Athletics U20 Championships each year. Given the historical level of performance at this meeting and its importance in preparing the 4x100m and 4 x 400m relay teams for the World Athletics U20 Championships, it is UKA's intention to select men's and women's 4x100m and 4 x 400m relay teams and where appropriate select a number of individual athletes to compete in Mannheim as part of another opportunity for developing pathway athletes.

The team will be selected using the following criteria:

- The relay teams take priority over any of the individual events in Mannheim. Any athlete who wishes to be selected in the individual events must make themselves available for the relay teams in Mannheim or they will not be selected for an individual event.
- The number of athletes selected for each relay will be at the discretion of the Panel. Athletes will be selected based on the Panel's consideration of a combination of the following criteria (which are not listed in priority order), as well as any other factors that may be deemed relevant:
 - Full commitment, engagement, and relay progress with the UKA Futures Academy Relay Programme.
 - Current form (Performances from 1st January 2024).
 - Head-to-heads in 2024.
 - Previous major age-group competition history.
 - Injury status.
- Due to the provision of high-level competition opportunities for many disciplines in the UK, such as the BMC events and the UKA Championships, any remaining places (subject to the team size allocated by event organiser) will be filled in the following priority order:
 1. Highly ranked in World Athletics U20 individual athletes in the throws, jumps, hurdles and combined events.
 2. Any individual athlete who, in the panel's opinion, are Medal contenders for the 2024 World Athletics U20 Championships.

Selection will take place on **Friday 31st May 2023**.
