APPENDIX 2- ATHLETE CONTRIBUTIONS

The European Road Running Championships 2025 is one of the off-track events that requires a joint funding approach in order to support the participation of GB teams. An Athlete Contribution will be required to support the costs associated with competing at the championships including, but not limited to transfers, accommodation, meals and kit and team staffing.

In the Expression of Interest for selection in the Half Marathon event, athletes must agree to the principle of selection and participation being conditional on making the agreed financial participation – the 'Athlete Contribution'.

In order to help athletes plan, UKA has undertaken budget forward-planning to estimate a maximum anticipated per athlete cost contribution. The Athlete Contribution for the 2025 European Road Running Championships will be no more than £1100 per athlete. The UKA Operations team commits to ensuring the cost reflects a balance between meeting high performance requirements and best value. The maximum indicated cost will be taken as a ceiling with the team endeavouring to get well within the stated figure. Furthermore, all agreed/known subsidies and subventions from the LOC or other parties will be deducted when calculating the Athlete Contribution.

At the time of selection, UKA will provide athletes with the final figure for the athlete contribution and timeline for payment. Team membership will be conditional on agreeing the terms in the team members' agreement. Athletes will be required to pay a deposit on acceptance of their place on the team.

Once athletes have signed the agreed selection letter, they will receive all championship kit prior to the agreed assembly point.

Once the team has been selected, UKA team management and support staff will work with athletes and coaches to help maximise preparation for the above championships.
